

1. FRONT

2. REAR

The image shows the rear panel of a Sony KLV-40EX650 television. The panel is black with various input ports and labels. At the top left, there is a 'SERVICE' port. Below it is an 'ANTENNA / CABLE IN' port. To the right of the antenna port are two 'HDMI/DVI IN' ports, labeled '1' and '2'. Further right is an 'RGB IN (PC)' port. Below the RGB port are two 'AUDIO IN (RGB/DVI)' ports, labeled '1' and '2'. To the right of the audio ports is an 'RS-232C IN (CONTROL & SERVICE)' port. At the bottom left, there is an 'OPTICAL' port. To the right of the optical port is a 'DIGITAL AUDIO OUT' port. On the far right, there are two sets of 'COMPONENT IN' ports, labeled '1' and '2'. Each set includes Y, Pb, and Pr video inputs and L and R audio inputs. Below the component inputs are two sets of 'AV IN' ports, labeled '1' and '2'. Each set includes S-VIDEO, VIDEO, L (MONO), and R AUDIO inputs.
