Apr 28, 2007

Dear Sir/Madam,

We have a class II permissive change in certificated equipment.

1. The FCC ID No are BEJL1753HS and BEJL1953HS, and the date of the grant was Feb. 01, 2007.
2. The primary difference between the new models (L1953HMS, L1953PMS, L1753HMS, L1753PMS) and the original models (L1953TS, L1953HS, L1953PS, L1753TS, L1753HS, L1753PS) are the mainboard layout and clock.
3. Maybe these changes degrade the performance characteristics, Now we had tested and found it still meet the minimum requirements of the applicable rules.
4. The complete information and the results of tests reference to new reports.

Yours Sincerely.

Dai Yue hong
