30-day Request For Extension of Time

Dear Mr. Perrine:

Thank you for your time to meet us last Friday and it was a pleasure to meet you.

This letter is in response to your letter dated September 13, 2004 requesting additional information on the above-referenced device.

As stated during our meeting, due to the production delay of the LSI1100, we respectfully request the Commission for a 30-day extension to respond to your questions. This will enable us to provide the additional data required to reflect the actual production power settings.

If you have any questions regarding this matter, please do not hesitate to contact me or PCTEST Lab.

Sincerely,

A handwritten signature in black ink that reads 'Daniel Kim'.
