PCTEST TCB/CB
Div. of PCTEST Engineering Lab., Inc.
6660-B Dobbin Road,
Columbia, MD 21045

SUBJECT: LG Electronics USA
FCC ID: BEJMS910

To whom it may concern:

We, LG Electronics USA, confirm that WiFi and LTE VOIP are inherent function of the device.

Third party app for VOIP such as a google talk is available and it is pre-loaded on the device.

WiFi operation is not possible during LTE VOIP session.

Should you have any questions or comments concerning the above,
please contact the undersigned.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Chris Johnson'.

Christopher Johnson
Senior Manager
LG Electronics USA
