Subject: Class II Permissive Change Application for LG Microwave Oven  
FCC ID: **BEJS070MF**

Gentleman,

We, LG Electronics Inc., hereby submit this application letter to use the alternate Magnetron type 2M214 by LG Electronics Inc., on the previous granted microwave oven model as follows.

1. Granted FCC ID: **BEJS070MF** dated 03/31/1999
2. Model No.: MS-74ME (RF Power Output: 600 W or 700 W)
3. **Alternate Magnetron: 2M214 by LG Electronics Inc.**
4. This model is for household use and countertop installation.
5. This model has the turntable in the lower side of oven cavity.

We have performed all tests of the model MS-74ME with Magnetron type 2M214 by LG Electronics Inc. at our measurement facilities.

No out-of-band frequency measurement and over-limit radiated emission was discovered.

Your continued cooperation would be greatly appreciated.

If you have any comments, please feel free to contact me, Peter Byun at LG Electronics Chicago Office or Mr. Kenny Kim at LG Electronics Q&R Center.

Best regards,

---

Kwan-Young Sung, Senior Research Engineer
