Subject: Response to Inquiry to FCC (Tracking Number 255708)

Inquiry:

According to the Mobile and Portable Device RF Exposure Equipment Authorization Procedures released by the OET on March 18, 2004, Clause 7) d) states that for notebook computers with antennas in the keyboard section and for tablet / notepad computers, SAR tests are only required in the lap-held position, in direct contact with a flat phantom; tests on the side / edge positions of such devices are not required. Please confirm whether this side / edge provision is still in effect, namely, that side / edge testing is not required for these devices.

Response:

The Mobile and Portable Device RF Exposure Equipment Authorization Procedures released by the OET on March 18, 2004, Clause 7) d) is still in effect.
