Subject: Request for additional information

In regards to your recent TCB application referenced above, we kindly request that you provide the following additional information.

1. Please submit a list of the proposed modifications.

→ Please find the attachment.

2. Multiple channels in the AWS and PCS bands show measured conducted output power levels that are more than 0.5 dB higher than the original levels. Maximum power ratings cannot be changed in Permissive Change applications. Please address.

→ I think the conducted powers are within the power tolerance of the Tune-up procedure.

Additionally, could you let me know the FCC policy for conducted power?

The item indicated above must be submitted before processing can continue on the above referenced application.

Sincerely,
Gregory Czumak
