Subject: Class II Permissive Change Application for FCC Grant on LG Microwave Oven
FCC ID: **BEJV177ZLA**

Dear Mr. Ortanez,

We, LG Electronics Inc., hereby submit this application letter and test report to apply Class II Permissive Change for change of the controller PCB on the previous granted microwave oven model as follows.

* Reason: Control PCB is change for supply voltage stabilization . (LVT → SMPS)

1. FCC ID: **BEJV177ZLA**

2. Application Model no.: MQ1773#

(Buyer model No.: PVM9179#)

#: From 0 to 9 or from A to Z for inventory control with one to five digits.

* RF Power out : 1000 W

3. Magnetron: 2M246

4. Applied model is for household use.

We have performed all tests using model MQ1773# with Magnetron (2M246, LG) at our measurement facilities as enclosed.

No out-of-band frequency measurement and over-limit radiated emission was discovered.

Your prompt cooperation would be appreciated.

If you have any comments, please feel free to contact me, Mr. Jongchul Lee at LG Electronics New Jersey Office or Mr. Dae-Woong, Kim at LG Electronics, Changwon EMC Center.

Best regards,

Kim Dae Woong, Principal Research Engineer
