Subject: Request for additional information

In regards to your recent TCB application referenced above, we kindly request that you provide the following additional information.

1. The application is missing a EUT operational description document. Please provide an operational description per section 2.1033 of CFR Title 47.
→ Please find the attachment(Operational description). As you know, this EUT supports PCS1900 band only.
2. The VM 510 User Manual describes WLAN EUT capability. Please confirm that this capability is not implemented in the EUT.
→ I confirm that this capability is not implemented in the EUT.
3. The frequency of the X1601 and U1603 oscillators in the Bluetooth module section of the schematic diagrams is not provided. Please update to include the frequency of the oscillators.
→ Please find the attachment(Circuit diagram).
4. AWS transmit frequencies are listed in the schematic diagram. Please confirm that this band is not implemented in the EUT.
→ I confirm that AWS capability is not implemented in the EUT.
5. The HAC Key Features document does not provide the air interfaces to aid in the HAC compliance counts. Please provide.
→ Please find the attachment(HAC key feature letter).

The item indicated above must be submitted before processing can continue on the above referenced application.

Sincerely,

Mark Czumak
