SUBJECT: Requesting Class II permissive change
FCC ID: BEJVS920
(Original Grant day: 08/29/2011)

To Whom It May Concern:

The purpose of this letter is to request class II permissive change on previously certified model VS920 (FCC ID: BEJVS920). The BEJVS920 was previously certified with GSM850/1900, WCDMA1900, CDMA BC0/BC1, LTE Band 13 band.

We would like to block GSM850/1900 and WCDMA 1900 band by software firmware. This firmware is set at the factory and it can not be changed by 3rd party or end-user. Except this change, the design, hardware and implementation are exactly same with original.

Should you have any questions or comments concerning the above, please contact the undersigned.

Band information		
	RF Band	TX frequency
Original	GSM850	824.2 ~ 848.8 MHz
	GSM1900	1850.2~1909.8MHz
	WCDMA1900	1852.4~1907.6MHz
	CDMA BC0	824.7 ~848.31MHz
	CDMA BC1	1851.25~1908.75 MHz
	LTE Band 13	777~787MHz
C2PC	CDMA BC0	824.7 ~848.31MHz
	CDMA BC1	1851.25~1908.75 MHz
	LTE Band 13	777~787MHz

Sincerely,

Christopher Johnson
