Hello Mia,
Please see below my response.
After checking that, please give me the grants asap.
Thank you!

Best regards
Han.

Subject: RE: FCC class II permissive change request for VX5500

Hello Mr. Han,

1. Please provide a description of the proposed modifications.

-> Please find the attachment.
2. Please submit a statement verifying the stage of production of the samples used for HAC testing.

-> Please find the attachment.
3. Your email refers to the EMW antenna. Do these proposed modifications also apply to the ACE antenna, with which the EUT was also originally granted? Will these modifications ever be marketed with the ACE antenna?

-> LGE decided to use EMW antenna with the main antenna for VX5500.

Therefore, ACE antenna won't be used any more.

Should you have any question, please feel free to contact me.

Best regards
Han.
