Class II Permissive Change : 12/30/2004

Gentlemen:

We, LG Electronics, Inc. declare that the antenna in the original application will not be used in mass production. This antenna vendor has been replaced by the antenna used in the Class II certification.

Please note that the device with the antenna used in the original application was never in production,

therefore only the representative sample type that was tested for HAC will be in production.

If you have any questions regarding this application, please feel free to contact me.

Sincerely,

A handwritten signature in black ink, appearing to be 'E.S. Park', written over a horizontal line.
