Attachments: VX9400_User Manual_revised.pdf

Dear Mr. Gregory Czumak,
Thank you for your comment.
I confirm that this text will be placed in the manual prior to shipment of the EUT.
Additionally, I attached revised user manual for VX9400.
Please find the attachment and see 3~6 page in the manual.
Thank you!

Should you have any question, feel free to contact me.

Best regards
Han.

Subject: RE: Questions Regarding FCC ID: BEJVB9400

Dear Han,

Thank you for your response to our questions. The label issue is resolved. Unfortunately, we still cannot locate the required language in the revised user's manual. The exact text from Sections 15.21 and 15.105 follows. Please confirm that this text will be placed in the manual prior to shipment of the EUT.

Please contact me with any additional questions.

Sincerely,

Gregory Czumak
Quality Manager
Senior Certification Engineer

§ 15.21 Information to user.

The users manual or instruction manual for an intentional or unintentional radiator shall caution the user that changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Example text: Changes or modifications not expressly approved by LG Electronics could void the user's authority to operate the equipment.

§ 15.105 Information to the user.

(b) For a Class B digital device or peripheral, the instructions furnished the user shall include the following or similar statement, placed in a prominent location in the text of the manual:

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

From: Mr. Gregory Czumak / PCTEST TCB

RE: FCC ID: BEJVS9400

Applicant: LG Electronics Inc.

Correspondence Reference Number: BEJ0503

Confirmation Number: 1608230503/0504/0505

Date of Original Email: September 18, 2006

Subject: Request for additional information

In regards to your recent TCB application referenced above, we kindly request that you provide the following additional information.

1. Please confirm that the text required by Sections 15.21 and 15.105 will be added to the User's Manual prior to shipment of the EUT.
2. The FCC ID label shown in the label exhibit does not show the actual FCC ID number. Please submit a revised label.

The items indicated above must be submitted before processing can continue on the above referenced application.

Sincerely,

Gregory Czumak
