

Xpress Lite Test Setup Photos
FCC ID : BGA-XMXP04

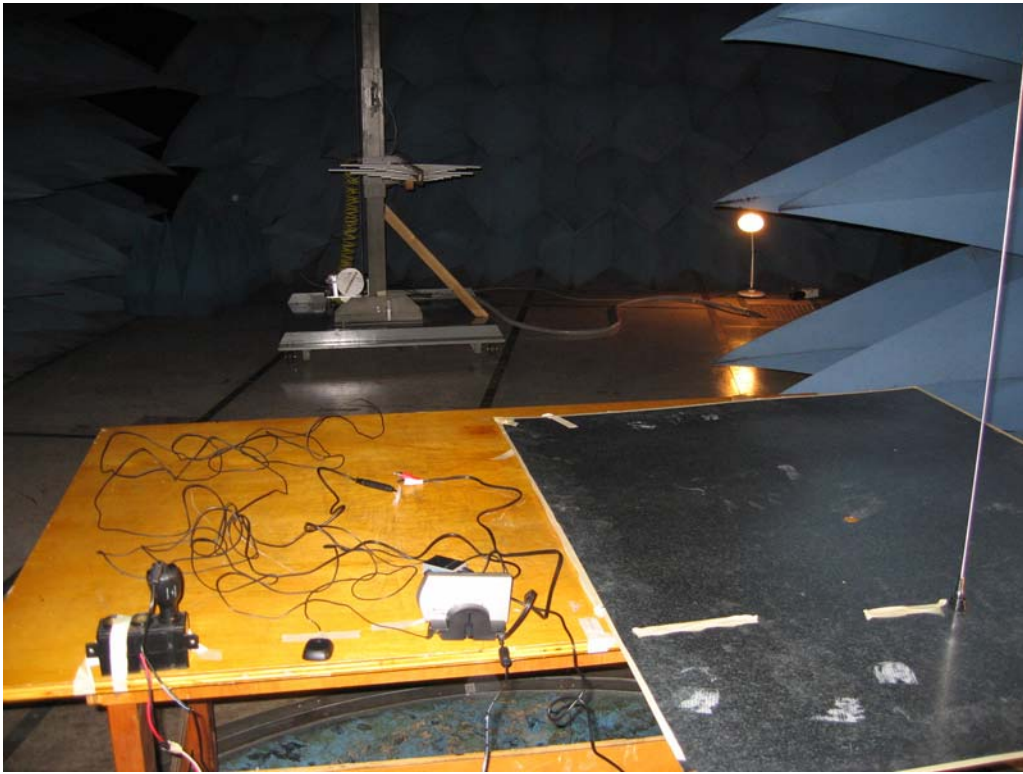

Photo 1 : Car Cradle with FM Direct Adapter

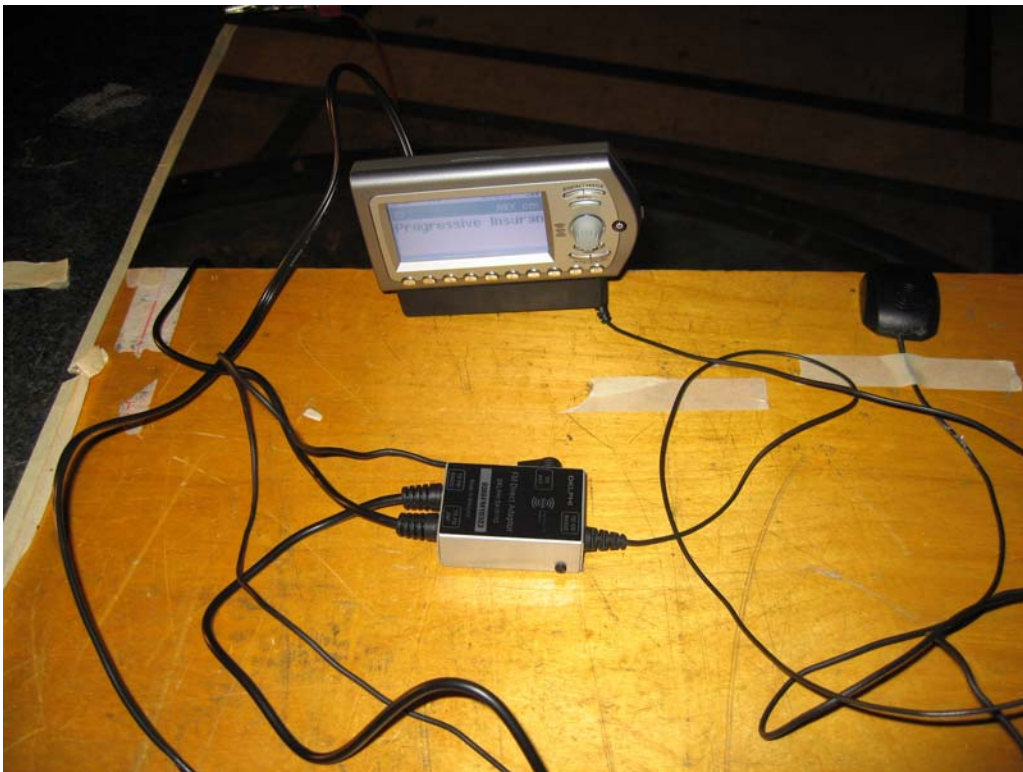

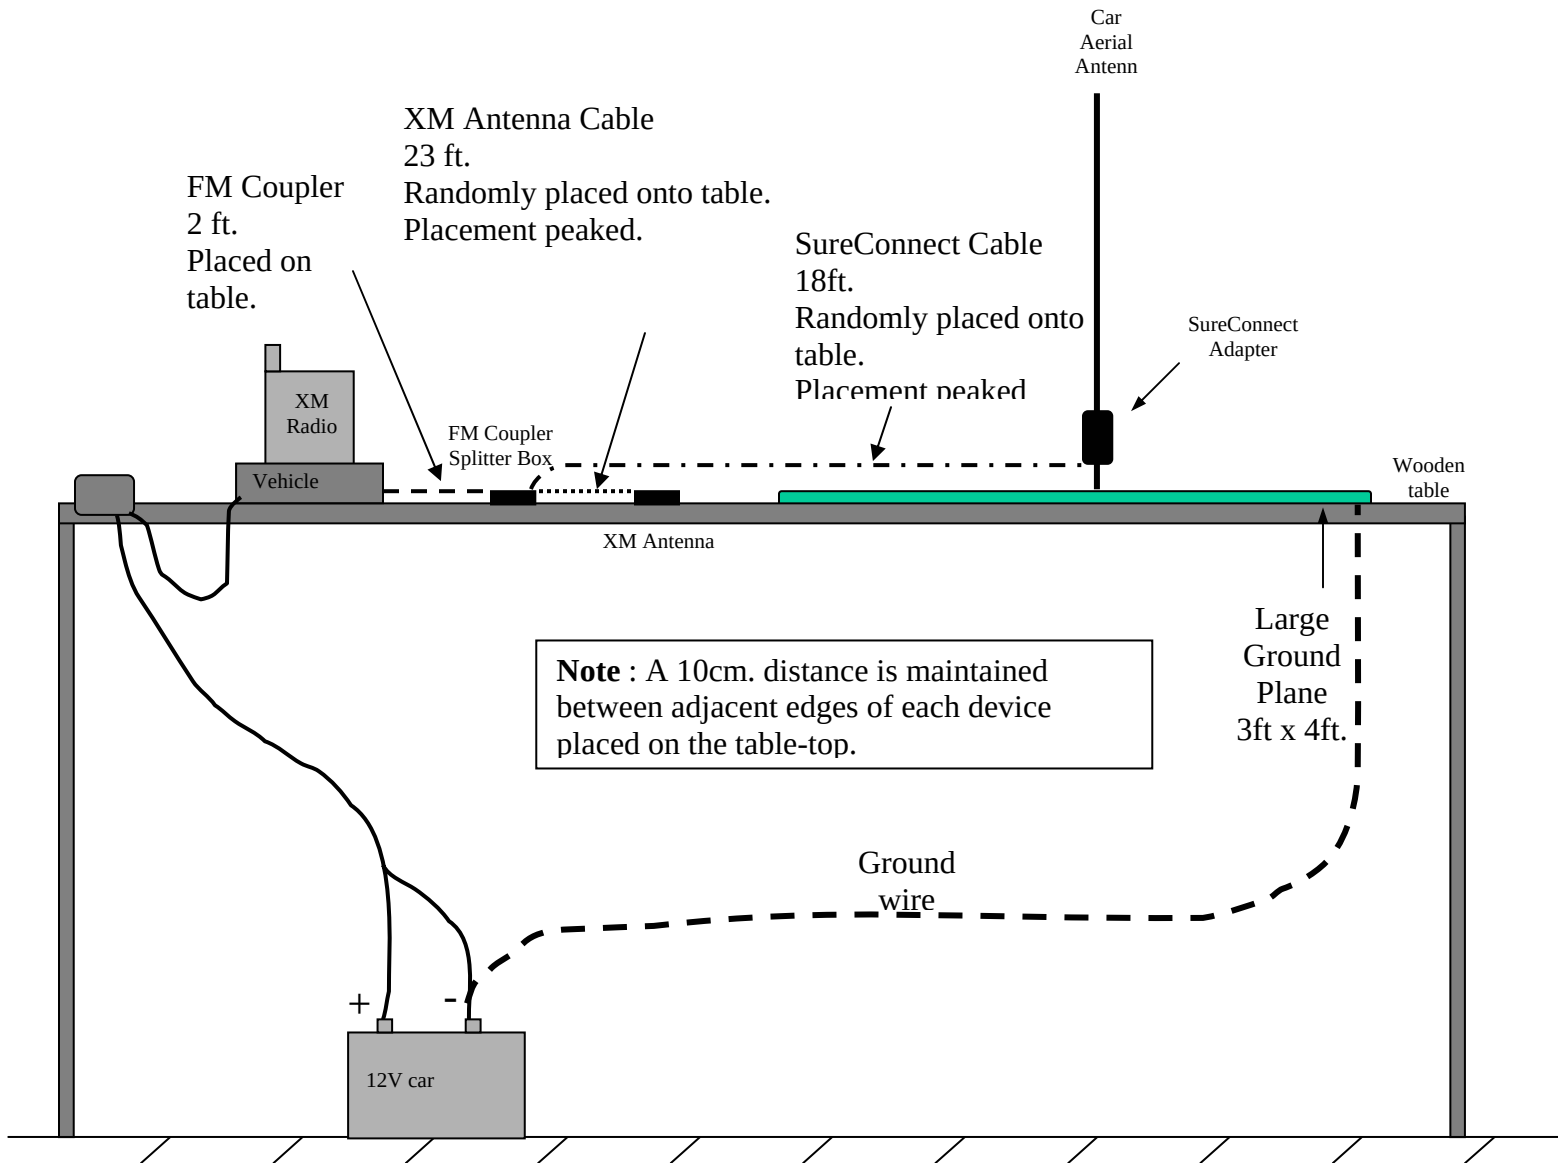

Photo 2 :

In this test setup, the EUT was placed into an Xpress car cradle with an XM SureConnect Adapter attached to the RF jack of the car cradle. An XM car antenna is attached to the SureConnect Adapter's RF connector. A 5V Cigarette adaptor power supply is connected to the radio, and powered by a car battery which is placed on the floor.
