

5. Measurement Data For Transmitter {2.983(e)}

The following table shows the attached measurement data of the Transceiver Unit and the measurement methods employed.

Table 5.1 Measurement Data List

Sect. No.	Item	Result	Method
2.989(c)(1)	1.Occupied Bandwidth	Attached Report	6.1.5
2.991	2. Spurious Emissions at Antenna Terminal	Attached Report	6.1.6(1)
2.993	3.Field Strength of Spurious Radiation	Attached Report	6.1.6(2)
	4.SAR	Attached Report	

Note: Unless otherwise indicated, the measurements were made under the standard supply voltage (i.e 5.0V), and the standard ambient temperature (i.e 25 deg C).
