

Response to TCB findings

FCC ID: BJ4-60WRC05TX

Hi Ruby,

We have completed our review and have identified the following issues:

1. Please confirm a fresh battery was used for the testing.

Response - Yes a fresh battery was used for testing.

2. Please supply label material details.

Response - The labels are coated with polyester and use a permanent adhesive on the back of the label for application to the product.

Have a good Christmas.

Best regards

Barry C. Quinlan
