Subject: FCC ID: BV8P801T
Class II permissive change

M/A-COM wishes the subject Equipment Authorization Grant processed for a Class II Permissive Change. The request is for review of an additional emission designator on the 800 MHz portable radio. No changes have been made to the radio which would impact previously filed SAR or the Commission's Part 90, 15, 2, etc.; deviation settings have been refined for this incremental product enhancement.

No components have been added. No components have been deleted. No PCB artwork has been changed.

Rhein Tech Laboratories, Inc. agent authorization letter to act on M/A-COM's behalf for this change request, has been provided as an exhibit as well.

Sincerely,

Daryl Popowitch
