Subject: **Request for Confidentiality**
FCC ID: BYM400, Granted 12/11/98, TUV Report No. 8473-06

Gentlemen:

Pursuant to 47 CFR Part 0.459, HM Electronics, Inc. requests post-grant confidential treatment of the following items:

1. Block Diagram, specifically related to functional placement of particular portions such as the DSP audio processing
2. Operational Description, specifically Equipment Specifications
3. Parts List/Tune Up Info, including BOM and Tune Up
4. Schematics, specifically Schematics and Assembly Drawings

These items contain trade secrets, detailed system and equipment descriptions, and related information about the product that HM Electronics, Inc. considers to be proprietary, confidential, and not customarily released to the public and which, otherwise, are not generally available to the public.

HM Electronics, Inc. considers that the public disclosure of this information might be used to the disadvantage of HM Electronics, Inc. in the market and provide unjustified benefits to its competitors.

Unfortunately, this information has already been posted to the FCC website and we are gravely concerned. Thank you for your help and immediate attention to this matter.

Sincerely,

Scott C. Hoeptner
Director of Engineering
