Re: Request for confidentiality

Applicant: Control Chief Corporation

FCC ID: CBF-IM1701B

To whom it may concern,

Request is hereby submitted by Control Chief Corporation to withhold permanently from public review certain portions of the application for equipment certification for the referenced FCC identifiers. This request for confidentiality is made pursuant to 47 CFR 0.457(d) and 0.459 of the FCC Rules. In particular, the following sections of the application are to be kept permanently confidential:

- Schematics
- Block Diagram
- Operational Description

Rationale for request for confidentiality :

Control Chief Corporation has invested considerable time and materials in research and development to produce the referenced product. Disclosure of the permanently confidential portions of this application to competitors would not only give them significant competitive advantages in developing similar products, but would also disclose successful implementation of unpublished, leading edge technology developed by us.

The fee for confidentiality has been submitted along with the fee for certification. If you have any questions or need further information, please contact the undersigned.

Sincerely,

Jake Bryner
Managing Partner/CTO
