RE: FCC ID CJJ79XITS-7025

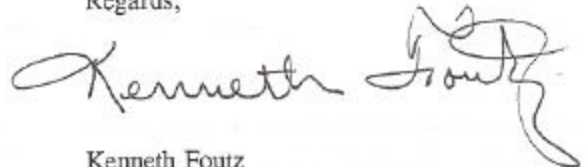

Gentlemen:

This application for Type Acceptance is being submitted for an ITS-5722 digital transmitter (CJJ79XITS-7025).

The product described in this report (ITS-5722) is a 5 Watt digital transmitter which is designed to operate in the MDS/MMDS/ITFS frequency bands. The unit is composed of an SAT Division Telecommunications PQM2100 QAM Modulator and an ITS-5722 Upconverter/Amplifier

The enclosed application and test data report are intended to demonstrate compliance with all the regulations which apply to operation in this service. If you have any questions, please feel free to contact me at (412) 941-1500 extension 125.

Regards,

Kenneth Foutz
Vice President, Product Development
