Right side

TRX module

- Power : 250W
- Frequency :
P0N(3035MHz)
Q0N(3065/3060MHz)

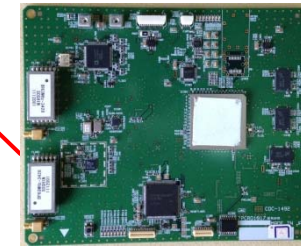

Motor & Motor driver

- Available for both voltage of AC100V and AC220V by jumper setting on the motor driver.

Power supply/Interface

- Input : +48V

Radar Processor

- IF input/output
- Pulse compression
- Signal processing
