

INTRODUCTION

This document, and the exhibits attached, is an application for certification of a Keyless Entry device. This introduction reviews which provisions of the code of Federal regulations apply, and where in this application information required by the code can be found.

STATEMENT OF COMPLIANCE WITH THE PROVISIONS OF PART 15, SUBPART B

This device is an unintentional radiator(Receiver unit) as defined in section 15.3(o). It is subject to certification under 15.101. The "FCC Measurement Report" section of this application shows that the device meets the technical specifications for the receiver portion described in section 15.109.

A drawing or photocopy of the label required by 15.19 and 2.925 is attached to this application and can be found in Exhibit 2. Information to be provided to the user has been included in the Instruction Manual, which can be found in Exhibit 3.

STATEMENT OF COMPLIANCE WITH PART 2, SUBPART J

The measurement facilities used for the tests described in the "FCC Measurement Report" portion of the application have been documented in previous filings with the commission pursuant to section 2.948. Future description of the facilities can be found in the "FCC Measurement Report" section of this application.

A copy of the instructions furnished to the user can be found in Exhibit 3, pursuant to section 2.1033(b). A statement describing how the device operates can be found in the "Technical Description" section of the application, as prescribed by section 2.1033(b).

Photographs of the device, as required by 2.1033 can be found in Exhibit 1. They show the exterior of the device, front and rear, and the component placement on the chassis. If the label required by 15.19 is not visible, a drawing will be included in the Exhibit 1 or 2 showing where the label will be placed.

A copy of the label required by section 2.925 and 15.19 can be found in Exhibit 2. The label will be permanently affixed to the device and it will be readily visible, unless an alternative method of labelling has been or will be approved by the FCC.

Grantee code required by 2.925 have been issued by the FCC and can be found on the 731 form.
