Requesting Class II permissive change

To Whom It May Concern:

The purpose of this letter is to request a Class II Permissive change for
FCC ID: COF-WMBACBM25, Original grant date: 07/10/2023

The major change filed under this application is :

1. The subject approved module is integrated in a new host (product: Digital Camera, Model: FF230002).
2. Evaluations have been done to ensure compliance.
3. The hardware design of this transmitter that may affect compliance is remained unchanged in this permissive change application.
4. UNII-2C & BT are disabled by software.
5. The security mechanism according to section II of KDB 594280 D02 is remained unchanged as it reported to the FCC at the original grant.
6. The master and client modes operate in each frequency band are same as it is in the original grant conditions.
7. WLAN transmitter only supports with passive scanning in UNII-2A band without radar detection, hence radar detection is exempted from evaluation in this permissive change.
8. WLAN and Bluetooth are not able to transmit simultaneously which is restricted by software.

Sincerely,

Title / Name (Printed): Manager /Jim Chang
