Re: § 2.933 Change in identification of equipment

To Whom It May Concern:

This change in identification of equipment request applies to the original FCC ID: **VPYLB2AE**, granted on **July 26, 2022 and July 27, 2022**. The equipment bearing the modified identification (new FCC ID: **COL-LUXE6700X**) is electrically identical to the original equipment. Therefore, the original test results continue to be representative of and applicable to the equipment bearing the changed identification.

Sincerely,
