

FCC ID: CSQHG200A

ENGINEERING STATEMENT

For Certification of

BI Inc.

Ankle-Mount Low Power RF Transmitter

FCC ID: CSQHG200A

Model No. HG200A

I am an Electromagnetic Compatibility test engineer with TUV Product Service, Boulder, Colorado. My education and experience are a matter of record with the Federal Communications Commission.

TUV Product Service has been authorized by BI Inc., 6400 Lookout Road, Boulder, Colorado 80301, to make FCC Part 15 Certification measurements on the Ankle-Mount Low Power RF Transmitter. These tests were made by me or under my supervision at our Pinewood Springs Laboratory which is registered with the FCC under Paragraph 15 of the FCC Rules.

Test data required by the FCC for FCC Part 15 Certification is included in this report.

It is submitted that the above equipment meets FCC requirements and FCC Part 15 Certification is hereby requested.

Shawn Singh
EMC Engineer
TUV Product Service
