BI Incorporated requests that all information including circuit description and block diagrams within this application, except information that must be publicly available, be withheld from public inspection.

The information contained within this application is confidential to BI Incorporated and took considerable time, effort, and expertise to develop. If the information were available to other potential competing companies, they could forgo most of the development time and expense, providing them with a potentially damaging and unfair competitive advantage. In addition, this equipment will be used by Federal, state, and local corrections agencies to monitor the activities of persons under their supervision. The security nature of this equipment makes it essential that the details of its operation be kept from public examination.

Thank you,
