RE: Class II Permissive Change Application
Name of Applicant: Nagano Japan Radio Co., Ltd.
FCC ID: D7LNJT475

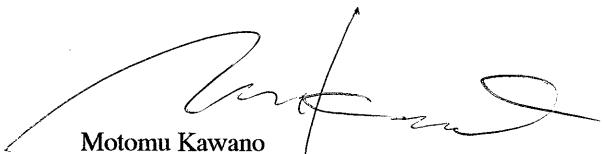

Please be advised that the following information is a list of modifications that will be included in the production process for the above-referenced equipment.

- Changed the clock of 20MHz square wave form to sinusoidal wave form on Control Board.
- Add shield cover on Control Board.
- Add a by-pass capacitor to power supply line.
- Inserted gasket for connecting RF Shield Cover and GND.
- Buildup GND between Control Board and Radio Board (Connect with copper sheet).
- Sealed the breakthrough of RF Shield Cover with additional cover.
- Added shield screen to isolate VCO of radio circuitry from other circuit.

The modification listed will be incorporated into each unit sold in the U.S.

Thank you for your attention to this matter.

Yours Sincerely,

Motomu Kawano
