Phone: 408-732-9162, Fax: 408-732-9164
<http://www.baclcorp.com>

Dear Sir or Madam:

We, Lectrosonics, Inc. hereby declare that product: UHF Wireless Microphone, model SMV-941 is electrically identical with the same electromagnetic emissions and electromagnetic compatibility characteristics as model SMQV-941, tested by BACL, the results of which are featured in BACL project: *R1710024*.

A description of the differences between the tested model and that declared similar is as follows:

The SMV-941 model is powered by one AA battery; the SMQV-941 model is powered by two AA batteries wired in parallel. Because it uses only one battery, the width of the SMV-941 case is truncated by 13 mm on one side but the layout of connectors and controls is identical in both products.

Please contact me should there be need for any additional clarification or information.

Best Regards,

Robert Cummings, V.P. Engineering
