Timco Engineering, Inc.
Attn: Eric Dobson
849 NW State Road 45
Newberry, Florida 32669

SUBJECT: BROADCAST ELECTRONICS IND. FCC ID: DDE-RPU-50W-450S

Broadcast Electronics, Inc. will be including the following statement in the SRPT-40A manuals immediately following the cover page and before the page that contains the limited warranty (page 2).

The text of the statement follows:

RF EXPOSURE WARNING

This remote pickup unit (RPU) contains a radio frequency (RF) transmitter. During normal operation it sends out radio frequency (RF) signals. In August 1996, the Federal Communications Commission (FCC) adopted RF exposure guidelines with safety levels for wireless devices.

CAUTION: To maintain compliance with the FCC's RF exposure guidelines, the antenna(s) used for this transmitter must be installed to provide a separation distance of 2 meters from all persons during normal operation and must not be co-located or operating in conjunction with any other antenna or transmitter.

Unauthorized antennas, modifications, or attachments could damage the transmitter and may violate FCC regulations.

Sincerely,

A handwritten signature in cursive script that reads 'Eric Jackson'.

Eric Jackson
Principal Engineer
