Critical Component of MHN2MH(TX)

Component	Part Number	Description
MCU MSM64P164	**U2**	**Control all activities of the unit, detect and display temperature,**
PT2240	**U3**	**Generate 20 bit address and encode the RF signal**
103AT	**TH1**	**Detect the temperature**
RF transistor MMBTH10	**Q1**	**Generate oscillation of RF frequency 350MHz and as modulator**
