Columbia, MD 21046

SUBJECT: Class II Permissive Change for FCC ID:

DMODWM3001

We hereby request a **Class II Permissive Change** for the single modular approved device. The module will be used under **Limited Modular Approval (LMA)** conditions and installed exclusively in our host product (**Product Name: Guidewave Experience Device**).

The Qorvo module (**FCC ID: 2A35D-DWM3001**) was originally certified for use at distances greater than 20 cm from the human body (mobile conditions). We are requesting to change the grant to **FCC ID: DMODWM3001** to permit use under portable conditions.

The module will be installed solely in the host device **Guidewave Experience Device**, which has successfully passed **SAR testing** demonstrating compliance for operation at distances less than 20 cm from the human body. The host device has also passed **EMC testing under worst-case simultaneous transmission conditions**, confirming compliance with applicable FCC requirements.

Signature

A handwritten signature in brown ink, appearing to be 'ML' or similar initials, written over a light blue horizontal line.
