RE: Short Term Confidentiality Request — FCC ID: E5MDS-SD4 | MDS Orbit SD4 Industrial Radio | Project 141757

Dear Federal Communications Commission,

Pursuant to Sections 0.457 and 0.459 of the Commission's Rules, GE Vernova MDS, LLC hereby requests that the following materials submitted with this Class II Permissive Change (C2PC) application for FCC ID E5MDS-SD4 be held confidential on a short-term basis for a period of 180 days from the date of the grant of the authorization:

- Internal Photos

The above materials contain trade secret and proprietary information relating to the design and implementation of the MDS Orbit SD4 Industrial Radio. Public disclosure of this information prior to commercial introduction of the modified product could cause substantial competitive harm to GE Vernova MDS, LLC.

This request for short-term confidentiality is consistent with the requirements of 47 C.F.R. § 0.459. GE Vernova MDS, LLC understands that the Commission will make the requested confidential materials available to the public upon expiration of the 180-day confidentiality period, or upon the date the product enters the market, whichever occurs first.

GE Vernova MDS, LLC certifies that the information provided in this request is accurate and complete.

Respectfully submitted,

Signature:

Date: June 18, 2026

A handwritten signature in blue ink, appearing to be 'J. Harmon'.
