April 5, 2005

Dear Mr. Ward,

This Letter is to ask for an amendment to the Class Permissive II grant recently approved in April 3, 2005 (FCC ID: E5MDS2710D). The amendment is the emission designator. Originally the grant states 2K32F1D. The emission designator was stated incorrectly. The correct emission designator is 9K6F1D per Part 2.202 formula $M = 2D + 2M$. Report has been revised and states the calculation as to how 9.6 kHz is derived. Also the 731 has been corrected also. Thanks for your attention on this matter.

Regards,
