

Date: 11/29/2019

Subject: FCC ID/IC ID label Placement Statement

To whom it may concern:

We herein state with this letter that the model DTG is an outdoor product. The label on the product shall be permanently affixed to the product, and thus the label is specifically placed on the INSIDE of the plastic case to last it's expected lifetime of the label in the environment in which the product may be operated, and the label is visible to the purchaser or user when the plastic cover is opened for installation or battery replacement.

Sincerely,
