

Voltage: 120VAC @ 60 Hz
Maximum Operating Input Current: 0.2A
Maximum Operating Power: 5W
Operating Temperature: 0C ~ 40C
Storage Temperature: -20C ~ 85C
Altitude: For use below 2,000m
WiFi Compatibility: 802.11n 2.4GHz
FCC ID: ELM001
IC: 420A-CDS
ICES-0038/9/MB-0038B

This device complies with part 15 of the FCC Rules and IEEE's human safety RFCS. Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and
(2) this device must accept any interference received, including interference that may cause undesired operation.

Radiation Exposure Statement:
This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

For more information on FCC and IC compliance, please go to www.level.co/fcc
You assume all risk and responsibility in relation to the installation and performance of this device and any third party components and services used in relation to it.

Please follow these suggestions and safeguards to decrease the chances of damage to your Level device and to lessen the risk of harm or injury.

--Use this device for its intended purposes only.

--Do not plug this device in or power this device from outlets and power supplies that do not meet the operational requirements.

--Do not crush, perforate, drop, throw, or try to break this device.

--Do not short external contacts or circuits, expose this device to water, liquids, or open flames or its substances, or dispose of them in fire, seawater, or water.

--Do not use this device if it isn't working properly or has been damaged or cracked.

--Dispose of electronic devices in accordance with local requirements.

Caution: This product may come with small parts and parts with sharp edges that may cause injury or create a choking hazard. To avoid injury or damage, keep away from children.
