 WARNING

 INGESTION HAZARD

⚠ WARNING

- **INGESTION HAZARD:** This product contains a button cell or coin battery.
- **DEATH** or serious injury can occur if ingested.
- A swallowed button cell or coin battery can cause **Internal Chemical Burns** in as little as **2 hours**.
- **KEEP** new and used batteries **OUT OF REACH OF CHILDREN**.
- **Seek immediate medical attention** if a battery is suspected to be swallowed or inserted inside any part of the body.

Do not ingest the battery. Chemical Burn Hazard. This product contains a coin/button cell battery. If the coin/button cell battery is swallowed, it can cause severe internal burns in just 2 hours and can lead to death.

Do not use the battery in a fire. If the battery compartment does not close securely, stop using the product and keep it away from children. If you think batteries might have been swallowed or placed inside any part of the body, seek immediate medical attention.

CAUTION - RISK OF EXPLOSION IF BATTERY IS RECHARGED BY AN INCORRECT TYPE. REPLACE ONLY WITH THE SAME OR EQUIVALENT TYPE.

Do not use the battery in a way not intended by the manufacturer. Do not use the battery in the instructions.

Remove and immediately recycle or dispose of used batteries according to local regulations and keep away from children. Do NOT dispose of batteries in household trash or incinerate.

Even used batteries may cause severe injury or death.

Call a local poison control center for treatment information.

Do not force discharge, recharge, disassemble, or heat above 65°C or incinerate. Doing so may result in injury due to venting, leakage or explosion resulting in chemical burns.

Ensure the batteries are installed correctly according to polarity (+ and -).

Do not use old and new batteries, different brands or types of batteries, such as alkaline, carbon-zinc, or rechargeable batteries.

Remove and immediately recycle or dispose of batteries from equipment not used for an extended period of time according to local regulations.

Always completely secure the battery compartment. If the battery compartment does not close securely, stop using the product, remove the battery and keep it away from children.

Please heed all warnings, read and follow all instructions and keep these instructions handy for future reference.

7. Do not use this product near water.
8. Do not use this product with any type of cloth. Stronger cleaning agents, such as Benzene, thinner or similar materials can damage the surface of the unit.
9. Do not block any ventilation openings. Install in accordance with the manufacturer's instructions.
10. Do not place this product on a surface that is not level.
11. Heat - This product should be situated away from heat sources such as radiators, heat registers, stoves or other appliances (including amplifiers) that produce heat.
12. Only use attachments/accessories specified by the manufacturer.
13. Unplug this product during lightning storms or when unused for long periods of time.
14. Damage Requiring Service - This product should be serviced by qualified service personnel when:
 - Plug has been damaged.
 - Objects have fallen into or liquid has been spilled into the enclosure.
 - The unit has been exposed to rain. The unit has been dropped or the enclosure damaged.
15. No naked flame sources, such as lit candles, should be placed on this product.
16. The unit exhibits a marked change in performance or does not operate normally.
17. Attention should be drawn to the environmental aspects of battery disposal. Many electronics retailers now recycle batteries and other electronic components at no charge. To find a drop-location near you, visit www.calrecycle.com
18. This product is suitable for use in tropical and/or arid climates.

- To reduce the risk of fire or electric shock, do not expose this product to rain or moisture.
- Do not dispose of batteries in the household trash or fire.
- The mains plug of power adaptor is used as the disconnect device, it shall remain readily operable.

This equipment complies with FCC RF radiation exposure limits set forth for an uncontrolled environment.

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

- Warning: Changes or modification to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
- NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
- Reorient or relocate the receiving antenna.
 - Increase the separation between the equipment and receiver.
 - Plug the equipment into an outlet on a circuit different from that to which the receiver is connected.
 - Consult the dealer or an experienced radio/TV technician for help.

ISED Information
This equipment complies with IC RSS-102 radiation exposure limits set forth for an uncontrolled environment.

This device complies with IC RSS-102 radiation exposure limits set forth for an uncontrolled environment. This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

- (2) This device must accept any interference, including interference that may cause undesired operation of the device.
- The device complies with ISED RF exposure requirement, users can obtain Canadian information on RF exposure and compliance.
- (3) The device must not be operated within a distance of 20 cm between the device and the user's body.
- Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
- Les modifications ou les changements non approuvés par la partie responsable de la conformité pourraient annuler l'autorité de l'utilisateur à utiliser l'équipement.
- L'émetteur/recepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence.
- (4) L'appareil ne doit pas produire de brouillage.
- The device must not cause interference.
- (5) L'appareil est conforme aux exigences d'exposition RF, même si le brouillage est susceptible d'en compromettre le fonctionnement.
- The device complies with the exposure requirements of RF, the users however may obtain the Canadian information on RF and the conformity.
- Cet équipement doit être installé et utilisé avec une distance minimale de 20 cm entre le radiateur et votre corps.
- This equipment must be installed and used with a minimum distance of 20 cm between the radiator and your body.
- Tous les changements ou modifications non expressément approuvés par la partie responsable de la conformité, pourraient annuler l'autorité de l'utilisateur à utiliser l'équipement.
- Any changes or modifications not expressly approved by the party responsible for the conformity, could annul the user's authority to use the equipment.
