

TCB Reviewers Notes

OK	ID	#	Non-Conformity or Comment	Submitted Response	Respondent / Date of Response
X		1	Please explain the purpose of RF exposure report; does equipment contain cell modem?	No, equipment does not contain cell modem; however this version of the equipment contains the same ISM hardware as the equipment in the report. The report represents compliance for the worst case configuration (multiple radios) and therefore demonstrates compliance for this configuration.	JH 9/5/16
