Statement regarding reports:

Certification product code xxDCU53104C: The manufacturer declares that the ISM RF hardware (scope and purpose of PCII) is identical to the RF hardware in configuration 12 (xxDCU5310C) therefore reports 109574-10, 109574-11 and 109574-12 apply to this certification. Reports 109574-8, 109574-9, 109574-13 and 109574-14 provide additional confirmation on the validity and applicability of the test data.

See operational description for additional details.
