Statement regarding reports:

Certification product code xxDCU5310C: Reports 109574-10, 109574-11 and 109574-12 represent product compliance for the worst case hardware configuration. Reports 109574-4, 109574-5, 109574-6, and 109574-7 provide additional confirmation on the validity and applicability of the test data for other hardware configurations.

See operational description for additional details.
