In re: Itron Inc.
FCC 10: E09FNCCU4
FCC Part 101 Certification
Request for Confidentiality

Gentlemen:

In accordance with 0.459 of CFR 47, Itron Inc. hereby requests confidentiality of the Block Diagrams, Operational Description, Circuit Schematics, Parts List and Production methods used to manufacture E09FNCCU4 products for the subject FCC Part 101 application.

Pursuant to CFR 47 Chapter 2 Section 0.457 (d) and 0.457 (d)(2)(i) these documents contain detailed system equipment descriptions and related information about the product which Itron Inc. considers to be proprietary, confidential and a custom design that otherwise would not be released to the general public. Since this design is the basis from which future technological products will evolve, Itron, Inc. considers this information to be of benefit to its competitors and that unwarranted disclosure of the information in these documents would give competitors an unfair advantage in the market.

Sincerely,

A handwritten signature in black ink, appearing to read "Peter G. Goolsby", with a stylized flourish at the end.

Peter G. Goolsby
