

Android™ Compute Appliance for Crestron Flex Conference Systems

Certification and Compliance

Regulatory Model: M202138002

Federal Communications Commission (FCC) Compliance Statement

This device complies with part 15 of the FCC Rules. Operation is subject to the following conditions:
(1) This device may not cause harmful interference and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with a minimum distance of 20 cm between the radiator & your body.

CAUTION: Changes or modifications not expressly approved by the manufacturer responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Industry Canada (IC) Compliance Statement

CAN ICES-3 (B)/NMB-3(B)

This device complies with RSS-247 of Industry Canada. Operation is subject to the condition that this device does not cause harmful interference.

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

1. This device may not cause interference.
2. This device must accept any interference, including interference that may cause undesired operation of the device. Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

The equipment complies with IC Radiation exposure limit set forth for uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.

This device complies with Industry Canada license-ICES-003. Operation is subject to the following two conditions:

1. This device may not cause interference.
2. This device must accept any interference, including interference that may cause undesired operation of the device. This digital apparatus complies with CAN ICES-003(B)/NMB-003(B).

Le présent appareil est conforme aux CNR d' Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

1. L'appareil nedit pas produire de brouillage.
2. L'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

Radio Equipment Directive (RED) and UK Conformity Assessment (UKCA) Compliance Statements

The M202138002 is in compliance with the essential requirements and other relevant provisions of the RE Directive 2014/53/EU and the Radio Equipment Regulations 2017 (SI 2017 No. 1206, as amended).

This device is restricted to indoor use only when operating in the 5150 to 5350 MHz frequency range.

A minimum separation distance 20cm is required.

Please follow below to add the (a) frequency band(s) in which the radio equipment operates and (b) maximum radio-frequency power transmitted in the frequency band(s) in which the radio equipment operates.

WIFI 2.4GHz:	20MHz: 2412MHz – 2472MHz, < 20 dBm EIRP 40MHz: 2422MHz – 2462MHz, < 20 dBm EIRP
WIFI 5GHz:	5150MHz – 5250MHz, 5250MHz – 5350MHz: 20MHz: < 20 dBm EIRP 40MHz: < 20 dBm EIRP 80MHz: < 20 dBm EIRP 5470MHz – 5725MHz: 20MHz: < 20 dBm EIRP 40MHz: < 20 dBm EIRP 80MHz: < 20 dBm EIRP
Bluetooth Classic:	2402MHz – 2480MHz, 7.52 dBm EIRP
BLE:	2402MHz – 2480MHz, 9.84 dBm EIRP

As of the date of manufacture, the product has been tested and found to comply with specifications for CE marking.

The Waste Electrical & Electronic Equipment (WEEE) directive marking on a product indicates that it should not be disposed of with general waste. Instead, you are encouraged to reuse or recycle the product in accordance with Directive 2012/19/EU of the European Union. Proper disposal of this product will help prevent potential negative effects on the environment and human health, which could otherwise be caused by inappropriate waste handling. Penalties may be applicable for incorrect disposal of this waste, in accordance with your national legislation. For information about recycling this product, please contact your household waste disposal service, your original distributor, or Crestron.
