SoundBeat 80

BLUETOOTH® headset

User's manual

IMPORTANT SAFETY INSTRUCTIONS

- When using your equipment, basic safety precautions should always be followed to reduce the risk of fire, electric shock and injury, including the following:
- Read and understand all instructions.
 - Follow all warnings and instructions marked on the product.
 - Use only with UL listed Bluetooth devices.
 - CAUTION:** Do not use the product while walking, driving, or cycling, as it can affect your hearing of the surrounding sounds and cause traffic accidents.
 - Use a dry non-abrasive cloth for cleaning. Do not use liquid or aerosol cleaners.
 - Avoid using this product during a thunderstorm. There may be a slight chance of electric shock from lightning.
 - Do not use this product near water such as near a bath tub, wash bowl, kitchen sink, laundry tub or a swimming pool, or in a wet basement or shower.
 - Do not place this product on an unstable table, shelf, stand or other unstable surfaces.
 - Avoid placing the device in places with extreme temperature, direct sunlight, or in proximity to other electrical devices. Protect your device from moisture, dust, corrosive liquids and fumes.
 - This product should never be placed near or over a radiator or heat register.
 - Never push objects of any kind into this product through the slots because they may touch dangerous voltage points or create a short circuit. Never spill liquid of any kind on the product.
 - To reduce the risk of electric shock, do not disassemble this product, but take it to an authorized service facility. Opening or removing parts of the headset other than specified access doors may expose you to dangerous voltages or other risks. Incorrect reassembling can cause electric shock when the product is subsequently used.
 - Use this product only with an agency approved power supply which meets local regulatory requirements.
 - Refer servicing to an authorized service facility under the following conditions:
 - If the product has been exposed to rain or water.

- If the product does not operate normally by following the operating instructions. Adjust only those controls that are covered by the operation instructions. Improper adjustment of other controls may result in damage and often requires extensive work by an authorized technician to restore the product to normal operation.
 - If the product has been dropped or damaged.
 - If the product exhibits a distinct change in performance.
- Have servicing performed by a qualified repair person using only identical replacement parts.
 - Periodically examine all components for damage. For pluggable equipment, the socket-outlet shall be installed near the equipment and shall be easily accessible.
 - This product contains magnetic material. Consult your physician on whether this might affect your implantable medical device. Do not make unauthorized alterations to this product.
 -   **CAUTION:** Use only the battery indicated in this manual. There may be a risk of explosion if a wrong type of battery is used. Use only the supplied rechargeable batteries. Do not dispose of batteries in a fire. They may explode. Dispose of used battery according to the instruction.
 - Do not use the battery in following conditions:
 - » High or low extreme temperature during use, storage or transportation.
 - » Replacement of a battery with an incorrect type that can defeat a safeguard.
 - » Disposal of a battery into fire or a hot oven, or mechanically crushing or cutting of a battery, that can result in an explosion.
 - » Leaving a battery in an extremely high temperature surrounding environment that can result in an explosion or the leakage of flammable liquid or gas.
 - » A battery subjected to extremely low air pressure that can result in an explosion or the leakage of flammable liquid or gas.
 - The applied nameplate is located at the bottom or rear of the product.
- Battery**
- Use only the battery provided or equivalent.
 - Do not dispose of the battery in a fire. Check with local waste management codes for special disposal instructions.
 - Do not open or mutilate the battery. Released electrolyte is corrosive and may cause burns or injury to the eyes or skin. The electrolyte may be toxic if swallowed.
 - Exercise care in handling batteries in order not to create a short circuit with conductive materials.
 - Charge the battery provided with this product only in accordance with the instructions and limitations specified in this manual.

WHAT'S IN THE BOX

CONNECT AND CHARGE THE BATTERY

OVERVIEW

- Volume up
- MF button (Multi-function button)
- Volume down

- Indicator light**
 - Blue light flashes when powering on.
 - Red light briefly turns on when powering off.
 - Red light steady on when charging.
 - Blue light steady on when fully charged.
 - Red light flashes when battery is low and needs charging.
 - Red and blue lights flash alternately when entering factory reset mode.
- USB Type-C charging port**
- Call microphone**
- Noise-cancelling microphone**

OPERATE

Hearing protection

- WARNING:**
- For hearing protection, do not use the product at high volume levels for long periods. Exposure to high volume level sounds via headphones may cause gradual, irreversible noise-induced hearing loss.
- 
- This product cannot be used as an industrial safety hearing protection device.
 - Always lower your audio source volume before putting on the device.
 - Increase the volume gradually until the sound is clear and comfortable.
 - Always be aware of the ambient sounds to avoid accidents or injury.

Power on/off the headset

To power on the headset:

- Press and hold **MF button** for 3 seconds until the indicator light flashes blue.

To power off the headset:

- Press and hold **MF button** for 3 seconds until the indicator light briefly turns on in red briefly.

Pair a Bluetooth device

- Press and hold the **MF button** for 5 seconds to power on the headset until the indicator light quickly flashes blue.
 - The headset will enter pairing mode automatically.

- On your Bluetooth device, select **SoundBeat 80** to connect.

 **NOTE:** You headset can connect to 2 Bluetooth devices. It will automatically reconnect to either device when available.

Auto shutdown

The headset will turn off automatically if no Bluetooth device is connected for over 5 minutes.

Media playback

- Press **MF button** to play or pause media.
- Press **+** or **-** to adjust the playback volume.
- Press and hold **+** or **-** to play next or previous track.

Call control

- Press **MF button** to answer or end a call.
- Press and hold **MF button** to reject a call.
- Press **MF button** twice quickly to switch to three-way calling or to activate voice assistant.

Last number redial

- Press **+** and **-** together briefly to redial the last number dialed.

Game mode

- Press **MF button** three times quickly to turn game mode on or off.

Factory reset

- Power off the headset, and then press and hold **MF button** for 10 seconds. Release **MF button** when the indicator light flashes red and blue alternately.

For C-UL COMPLIANCE ONLY

Mesures de sécurité importantes

Afin de réduire les risques d'incendie, de blessures corporelles ou d'électrocution, suivez toujours ces mesures préventives de base lorsque vous utilisez votre appareil :

1. Lisez et comprenez bien toutes les instructions.
2. Observez toutes les instructions et mises en garde inscrites sur l'appareil.
3. N'utiliser qu'avec des dispositifs Bluetooth homologués par UL.
4. **MISE EN GARDE** : N'utilisez pas ce produit lorsque vous marchez, conduisez un véhicule ou faites du vélo, car il peut nuire à votre perception des sons ambiants et entraîner des accidents de la circulation.
5. N'utilisez pas de nettoyeurs liquides ni en aérosol. Utilisez un linge sec non abrasif pour le nettoyage.
6. Évitez d'utiliser un appareil pendant un orage. Les éclairs peuvent être à l'origine d'une électrocution.
7. N'utilisez pas ce produit près de l'eau, tel que près d'un bain, d'un lavabo, d'un évier de cuisine, d'un bac de lavage ou d'une piscine, ou dans un sous-sol humide ou sous la douche.
8. Ne déposez pas ce appareil sur un chariot, support ou table chancelants. L'appareil pourrait tomber et être sérieusement endommagé.
9. Évitez d'installer le appareil dans les endroits soumis à une température extrême, à la lumière directe du soleil ou à proximité immédiate d'autres appareils électriques ou électroniques. Protégez votre appareil contre les sources d'humidité, la poussière, les vapeurs et les liquides corrosifs.
10. Ne placez pas cet appareil à proximité d'un élément de chauffage ni d'une plinthe électrique.
11. N'insérez jamais d'objets à travers les fentes et ouvertures de cet appareil, car ils pourraient toucher à des points de tension dangereux ou court-circuiter des pièces, ce qui constituerait un risque d'incendie ou d'électrocution. N'échappez pas de liquides dans l'appareil.
12. Afin de réduire les risques d'électrocution, ne démontez pas l'appareil, mais apportez-le plutôt à un centre de service qualifié s'il doit être réparé. En enlevant le couvercle, vous vous exposez à des tensions dangereuses ou autres dangers similaires. Un remontage inadéquat peut être à l'origine d'une électrocution lors d'une utilisation ultérieure de l'appareil.
13. Utilisez ce produit uniquement avec un bloc d'alimentation approuvé par un organisme de certification et conforme aux exigences réglementaires locales.
14. Communiquez avec le département de service à la clientèle de VTech dans les cas suivants :
 - Si l'appareil a été exposé à une source d'humidité telle que la pluie ou l'eau.
 - Si le produit ne fonctionne pas normalement en respectant les instructions de fonctionnement. Réglez uniquement les commandes indiquées dans le les instructions de fonctionnement. Les réglages incorrects des autres commandes pourraient provoquer un dommage qui pourrait exiger un travail exhaustif de la part d'un technicien autorisé afin de rétablir le fonctionnement normal de l'appareil.
 - Si le produit est tombé ou a été endommagé.
 - Si le produit affiche une nette diminution de sa performance.
15. Toute réparation doit être effectuée par un technicien qualifié utilisant uniquement des pièces de rechange identiques.
16. Examinez les composantes afin de vérifier si celles-ci ne sont pas endommagées.
17. Pour le MATERIEL RACCORDÉ PAR PRISE DE COURANT, le socle de prise de courant doit être installé a proximité du matériel et doit être aisement accessible.
18. Ce produit contient des matériaux magnétiques. Consultez votre médecin afin de déterminer si ceux-ci pourraient nuire au fonctionnement de votre dispositif médical implantable.
19. N'apportez aucune modification non autorisée à ce produit.
20.   **MISE EN GARDE** : Il peut y avoir un risque d'explosion si vous utilisez le mauvais type de piles pour le téléphone. N'incinérerez pas les piles. Celles-ci risqueraient d'exploser. Mettre au rebut les batteries usagées conformément aux instructions du fabricant. Débrancher les lignes téléphoniques avant le remplacement des piles.
 - Évite d'utiliser la batterie dans les conditions suivantes :
 - » des températures extrêmes faibles ou élevées auxquelles une batterie peut être soumise pendant

- l'utilisation, le stockage ou le transport.
 - » remplacement d'une batterie par un type incorrect pouvant supprimer une protection.
 - » mise au rebut d'une batterie dans un feu ou dans un four chaud, ou écrasement mécanique ou coupure d'une batterie, susceptible de provoquer une explosion.
 - » maintien d'une batterie dans un environnement à très haute température pouvant provoquer une explosion ou la fuite de liquide ou de gaz inflammables.
 - » batterie soumise à une pression de l'air extrêmement faible pouvant provoquer une explosion ou la fuite de liquide ou de gaz inflammables.
21. La plaque signalétique appliquée est située au bas ou à l'arrière du produit.

CONSERVEZ CES INSTRUCTIONS

Pile

- N'utilisez que la pile incluse ou l'équivalent.
- Ne jetez pas la pile au feu. Vérifiez les instructions spécifiques de mise au rebut auprès des autorités locales.
- N'ouvrez pas et ne mutiliez pas la pile. L'électrolyte qui s'en échapperait est corrosif et pourrait causer des brûlures ou des blessures aux yeux ou à la peau. L'électrolyte est toxique si avalé.
- Soyez prudents lorsque vous manipulez les piles afin d'éviter les courts-circuits provoqués par des matériaux conducteurs.
- Rechargez la pile incluse avec cet appareil, selon les instructions et limites spécifiées dans ce guide d'utilisation.

THE RBRC SEAL

The RBRC seal on the lithium-ion battery indicates that VTech Communications, Inc. is voluntarily participating in an industry program to collect and recycle these batteries at the end of their useful lives, when taken out of service within the United States and Canada.

The program provides a convenient alternative to placing used lithium-ion batteries into the trash or municipal waste, which may be illegal in your area.

VTech's participation makes it easy for you to drop off the spent battery at local retailers participating in the program or at authorized VTech product service centers. Please call

1 (800) 8 BATTERY® for information on lithium-ion battery recycling and disposal bans/restrictions in your area. VTech's involvement in this program is part of its commitment to protecting our environment and conserving natural resources.

The RBRC seal and 1 (800) 8 BATTERY® are registered trademarks of Cal2recycle, Inc.

FCC AND IC REGULATIONS

FCC Part 15

NOTE: This equipment has been tested and found to comply with the requirements for a Class B digital device under Part 15 of the Federal Communications Commission (FCC) rules. These requirements are intended to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

WARNING: Changes or modifications to this equipment not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment complies with FCC/ISED radiation exposure limits set forth for an uncontrolled environment.

This Class B digital apparatus complies with Canadian requirement: CAN ICES-3 (B)/NMB-3(B).

Industry Canada

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

- (1) This device may not cause interference.
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

The term "IC:" before the certification/registration number only signifies that the Industry Canada technical specifications were met.

LIMITED WARRANTY

What does this limited warranty cover?

The manufacturer of this VTech Product warrants to the holder of a valid proof of purchase ("Consumer" or "you") that the Product and all accessories provided in the sales package ("Product") are free from defects in material and workmanship, pursuant to the following terms and conditions, when installed and used normally and in accordance with the Product operating instructions. This limited warranty extends only to the Consumer for Products purchased and used in the United States of America and Canada.

What will VTech do if the Product is not free from defects in materials and workmanship during the limited warranty period ("Materially Defective Product")?

During the limited warranty period, VTech's authorized service representative will replace at VTech's option, without charge, a Materially Defective Product. If we replace the Product, we may use new or refurbished replacement parts. If we choose to replace the Product, we may replace it with a new or refurbished Product of the same or similar design. We will retain defective parts, modules, or equipment. Replacement of the Product, at VTech's option, is your exclusive remedy. VTech will return the replacement Products to you in working condition. You should expect the replacement to take approximately 30 days.

How long is the limited warranty period?

The limited warranty period for the Product extends for ONE (1) YEAR from the date of purchase. If VTech replaces a Materially Defective Product under the terms of this limited warranty, this limited warranty also applies to the replacement Product for a period of either (a) 90 days from the date the replacement Product is shipped to you or (b) the time remaining on the original one-year warranty; whichever is longer.

What is not covered by this limited warranty?

This limited warranty does not cover:

1. Product that has been subjected to misuse, accident, shipping or other physical damage, improper installation, abnormal operation or handling, neglect, inundation, fire, water or other liquid intrusion.
2. Product that has been subjected to contact with liquid, water, rain, extreme humidity or heavy perspiration, sand, dirt or the like; but then only to the extent the damage was not caused by incorrectly securing the waterproof handset's protective elements, for example, failing to properly close a seal), or such protective elements are damaged or missing (e.g. a cracked battery door), or subjecting a Product to conditions beyond its stated specifications or limits (e.g. 30 minutes in 1 meter of fresh water).
3. Product that has been damaged due to repair, alteration or modification by anyone other than an authorized service representative of VTech;
4. Product to the extent that the problem experienced is

caused by signal conditions, network reliability, or cable or antenna systems;

5. Product to the extent that the problem is caused by use with non-VTech accessories;
6. Product whose warranty/quality stickers, product serial number plates or electronic serial numbers have been removed, altered or rendered illegible;
7. Product purchased, used, serviced, or shipped for repair from outside the United States of America or Canada, or used for commercial or institutional purposes (including but not limited to Products used for rental purposes);
8. Product returned without a valid proof of purchase (see item 2 below); or
9. Charges for installation or set up, adjustment of customer controls, and installation or repair of systems outside the unit.

How do you get warranty service?

To obtain warranty service in the United States of America, please visit our website at www.vtechphones.com or call 1 (800) 595-9511. In Canada, go to phones.vtechcanada.com or dial 1 (800) 267-7377.

NOTE: Before calling for service, please review the user's manual - a check of the Product's controls and features may save you a service call.

Except as provided by applicable law, you assume the risk of loss or damage during transit and transportation and are responsible for delivery or handling charges incurred in the transport of the Product(s) to the service location. VTech will return replaced Product under this limited warranty. Transportation, delivery or handling charges are prepaid.

VTech assumes no risk for damage or loss of the Product in transit. If the Product failure is not covered by this limited warranty, or proof of purchase does not meet the terms of this limited warranty, VTech will notify you and will request that you authorize the cost of replacement prior to any further replacement activity. You must pay for the cost of replacement and return shipping costs for the replacement of Products that are not covered by this limited warranty.

What must you return with the Product to get warranty service?

1. Return the entire original package and contents including the Product to the VTech service location along with a description of the malfunction or difficulty; and
2. Include a "valid proof of purchase" (sales receipt) identifying the Product purchased (Product model) and the date of purchase or receipt; and
3. Provide your name, complete and correct mailing address, and telephone number.

Other limitations

This warranty is the complete and exclusive agreement between you and VTech. It supersedes all other written or oral communications related to this Product. VTech provides no other warranties for this Product. The warranty exclusively describes all of VTech's responsibilities regarding the Product. There are no other express warranties. No one is authorized to make modifications to this limited warranty and you should not rely on any such modification.

State/Provincial Law Rights: This warranty gives you specific legal rights, and you may also have other rights, which vary from state to state or province to province.

Limitations: Implied warranties, including those of fitness for a particular purpose and merchantability (an unwritten warranty that the Product is fit for ordinary use) are limited to one year from the date of purchase. Some states/provinces do not allow limitations on how long an implied warranty lasts, so the above limitation may not apply to you. In no event shall VTech be liable for any indirect, special, incidental, consequential, or similar damages (including, but not limited to lost profits or revenue, inability to use the Product or other associated equipment, the cost of substitute equipment, and claims by third parties) resulting from the use of this Product. Some states/provinces do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

Please retain your original sales receipt as proof of purchase

DISCLAIMER AND LIMITATION OF LIABILITY

VTech Communications, Inc. and its suppliers assume no responsibility for any damage or loss resulting from the use of this user's manual. VTech Communications, Inc. and its suppliers assume no responsibility for any loss or claims by third parties that may arise through the use of this product.

Company: VTech Communications, Inc.

Address: 9020 SW Washington Square Road - Ste 555 Tigard, OR 97223, United States

Phone: 1 (800) 595-9511 in the U.S. or 1 (800) 267-7377 in Canada

TECHNICAL SPECIFICATIONS

Power requirement	Lithium-ion Polymer 3.7V 500mAh battery Model: 503035 1INP5/30/35 Rated energy: 1.85 Wh Supplier: Shenzhen Mitacbattery Technology Co., Ltd.
Radiated power	Max. 9 dBm
Operating temperature	0°C - 45°C
Nominal effective range	Maximum power allowed by FCC and IC. Actual operating range may vary according to environmental conditions at the time of use.
