Gentlemen:

The enclosed documents constitute a formal submittal and application for a Grant of Equipment Authorization pursuant to Subpart C of Part 15 of FCC Rules (CFR 47) regarding intentional radiators. Data within this report demonstrates that the equipment tested complies with the FCC limits for intentional radiators.

This submittal was prepared by Elliott Laboratories, as duly authorized agent. A copy of the letter of our appointment as agent is enclosed. Please also find enclosed a check in the amount of \$1075.00 for the application fee.

If there are any questions or if further information is needed, please contact Elliott Laboratories for assistance.

Sincerely,

A handwritten signature in cursive script that reads "David Bare".

**Re: Request for Withholding from Public Disclosure Proprietary
Information Submitted Pursuant to an Application for
Certification of Schlumberger RMS, Inc.
FCC ID: F9CC1C-1**

To whom it may concern:

In regard to the submission for FCC certification of the Schlumberger Resource Management Services, Inc. device which is subject of the application for certification identified above, Schlumberger Resource Management Services, Inc. hereby respectfully requests, under the provisions of 47 CFR Section 0.459, that the schematics, block diagrams and associated technical descriptions of the device which is the subject of the application, and which are submitted with the application, be held under confidential status. This exhibit should be referenced when reviewing Schlumberger Resource Management Services, Inc.'s application for certification.

This device contains technology which is licensed to Schlumberger RMS, Inc. from Cellnet Data Systems, Inc of San Carlos, CA. This licensing agreement requires Schlumberger to request this letter of confidentiality for this product.

Therefore, we respectfully request that the FCC maintain all of our records in strictest confidence, specifically we are interested in protecting the electrical schematic, block diagram and Theory of Operations. The propriety information contained in these documents is of an extremely sensitive nature, and would be of great use to our competitors.

The block diagram, schematic and Theory of Operation of this product contain trade secrets of the applicant and Cellnet Data Systems, Inc., as set forth in Section 552(b)(4) of the Freedom of Information Act (Title 5, US Code), and as provided for in 47 CFR Section 0.457(d).

Respectfully Submitted,

Leonard W. Pojunas
