Re: *Schlumberger Resource Management Services, Inc.*
Response to Request for Further Information
FCC ID: F9CCMM1101
Reference No.: 19017

Dear Mr. Leimer:

We are writing in response to your request for further information concerning an application we filed on behalf of Schlumberger Resource Management Services, Inc. to transfer the FCC Identification number of device F9CCMM1101. On December 11, 2000, we electronically and manually filed a cover letter with accompanying attachments responding to requests made on October 12, 2000 via e-mail correspondence (Reference Nos. 16566 and 16822). On January 31, 2001, we electronically and manually filed a cover letter and an RF Emissions Statement.

On May 4, 2001, we received e-mail correspondence from you requesting further information regarding F9CCMM1101 (Reference No. 19017). Specifically, you asked that we submit a clear external photograph of the device.

In response to the May 4, 2001 requests, we are electronically submitting this letter and uploading into the External Photograph exhibit folder associated with the pending application in the Office of Engineering and Technology's ("OET") application database a clear external photograph of the device.

Mr. Andy Leimer

Please note that the location and positioning of the new FCC ID label, (the appearance of which was submitted in sketch form on December 8, 2000, pursuant to section 2.1033(b)(7) of the Commission's rules), will not change in future production of the device from the location or positioning of the old label.

Should you have any questions regarding this matter, please contact Zachary Zehner at (202) 383-3424 to expedite resolving any outstanding issues regarding the pending application.

Sincerely,
