Response to Request for Further Information
FCC ID: F9C-CMM1200
Reference No.: 16591

Dear Mr. Dayhoff:

We are writing to supplement our response to your request for further information concerning an application to transfer the FCC Identification number of device F9C-CMM1200. On December 15, 2000 we electronically and manually filed a cover letter with accompanying attachments responding to the requests made in your October 16, 2000 e-mail correspondence (Reference No. 16591). In our submission, we explained that regarding the requirements of section 2.933(b)(5), referencing the photographs required by section 2.1033(b)(7), we were endeavoring to obtain a sketch of the new label to be used in future production of the device. Please find attached a sketch of the new label. The positioning of this new label on the device will not change from the positioning of the old label.
