

UL Verification Services Inc.
TCB

FCC ID: FHO-E1915

Dear UL TCB:

This application is for certification against Part 15B for a digital device. This device will include a certified transmitter module (FCC ID: FHO-920-00632) and the manufacturer will perform the necessary integration verification for the transmitter functions as detailed in KDB 996369 D04. This application is only for the digital device (equipment category JAB) aspects of the combined host and module. The application for the transmitter module has been filed separately.

Best Regards,

David Petry
