Viewing Photos/Videos

After taking a photo or recording a video, tap the thumbnail in the bottom-right corner to view the most recent photo or video taken.

Swipe right to see other photos or videos in your collection.

Making Connections

This chapter will guide you on installing peripheral devices to maximize the use of your tablet PC.

Installing the Memory Card

Your tablet PC supports different types of memory cards to provide faster data transfer.

Supported types: MicroSDHC, MicroSDXC

1. Remove the battery pack. Refer to the "Removing the Battery" section.
2. Pull open the I/O port cover on the left side of the tablet PC.

3. Push a valid memory card into the memory card slot until it clicks into place.

Installing the SIM Card

You can use a SIM card for wireless internet access.

NOTE

- Check the availability of service and data plan rates with your network service provider.

1. Remove the battery pack. Refer to the "Removing the Battery" section.
2. Pull open the I/O port cover on the left side of the tablet PC.

3. Push a valid SIM card into the SIM card slot until it clicks into place.

Connecting the Headset/Microphone

Your tablet PC is equipped with an audio combo jack that enables you to use the headset or microphone.

- ❖ To connect a headset, pull open the I/O port cover on the left side of the tablet PC. Plug the stereo headphone cable into the audio combo jack.

- ❖ To connect to a microphone, pull open the I/O port and plug the microphone cable into the audio combo jack.

NOTE

- The headset and microphone are not included in the package.

Attaching the Stylus Holder

Your tablet PC is equipped with a stylus. For an easy access to the stylus, install the stylus holder to the side of the device.

To attach the stylus holder:

1. Remove the 2 screws from the right side of the tablet PC.

2. Align and secure the stylus holder to the tablet PC with the supplied screws.

3. Insert the stylus to the stylus holder.

Connecting USB Devices

You can connect your tablet PC to other USB devices, such as a mouse, keyboard, digital camera, printer, or an external hard disk drive.

1. Pull open the I/O port cover on the left side of the tablet PC.

2. Connect one end of the USB cable to the USB port of your device.

3. Connect the other end of the cable to the USB device (if necessary).

NOTE

- The USB cable is not included in the package. It is sold separately or it may come with your USB device.

Connecting to External Displays

You can connect an additional display to your tablet PC by using the USB Type-C cable.

1. Pull open the I/O port cover on the left side of the tablet PC.

2. Connect one end of the USB Type-C cable to the USB Type-C port of your device.

3. Connect the other end of the cable to the external display.

NOTE

- The USB Type-C cable is not included in the package.

Connecting to Wireless Devices

Your tablet PC can connect to and communicate with other Bluetooth-enabled devices.

Opening the Quick Settings Menu

To open the Quick Settings menu, tap the status icons (wireless/cellular connection, volume level/mute, and battery) set in the lower-right corner of the screen.
