

Intertek Testing Services NA Inc.

EXHIBIT 5

PRODUCT LABELLING

5.0 Product Labelling

The label and label location are attached.

5.1 Label Artwork

Figure 5.1 Label

An engineering drawing of the label which will be permanently affixed to the unit is shown on the following page.

Due to the size of this device, it is not practical to place the complete label statement on the device. Therefore, the information shown below will be inserted into the next revision of the instruction manual.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

5.2 Label Location
