

A black, rectangular electronic device, identified as a Wulfsberg DME CDM-451 transponder. The top edge features a blue and yellow decorative band with the 'Wulfsberg' logo and name on the left, and 'DME' on the right. The main body is black with a textured surface. On the right side, there is a prominent silver-colored metal connector, likely an SMA or similar RF connector. Below this connector, a white rectangular label is affixed, displaying the text 'MODEL # CDM-451' and 'SERIAL # E1012'. The device is shown against a plain white background.
