Exhibit-A-Block_Dia_gram_rev.pdf

Exhibit-D-ID_Label_rev.pdf

Dear Helen,

Ans#1: I had revised the device uses 4AAAbatteries for Block and Operation Description.

Ans#2: Pls find the attached revised test report.

Ans#3: Pls find the attached revised ID Label.

Best Regards,

Iris Lin

Subject: FOCUS ELECTRONIC CO., LTD., FCC ID: FSQ-FK760, Assessment NO.: AN05T5265, Notice#1

Question #1: The test report and user manual indicate that the device uses 4xAAA batteries, but the block diagram and operational description indicate 2xAAA batteries, please clarify.

Question #2: The test report Section 4.4 Radiated Emission Data - Please check channel number again, CH2 or CH3? CH4 or CH7?

Question #3: The FCC ID label format shows FCC DoC logo. Please note wireless keyboard is not considered as PC or PC peripheral as it does not connect PC with wire or cable. Please remove FCC DoC logo from the proposed label format.

Best Regards,
Helen Zhao

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note

that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the e-mail address listed below the name of the sender.
